Simple Moves Liability Release

TRUCK, TRAILER, STORAGE UNIT/OFF SITE STORAGE, MOBILE STORAGE CONTAINER, OR OVERSEAS CONTAINER

Simple Moves is responsible for items that we load into or unload out of a truck or trailer that is not a Simple Moves truck, mobile storage container (commonly referred to as a Pod), storage unit/off site storage, or overseas container, only while those items are in our immediate care. We cannot be held responsible for any damage that occurs before we arrive on the jobsite or after we leave the jobsite, as we have no control over how the truck, Pod, storage unit/off site storage, or overseas container may be driven, handled, or moved, nor do we have control over who accesses the stored items before we arrive on the jobsite or after we leave the jobsite. Simple Moves is responsible for your items only while we are performing the loading or unloading of your items. In consideration of Simple Moves' loading my items into and/or unloading my items from the truck, Pod, storage unit/off site storage, or overseas container, I agree to the above statements and release Simple Moves from liability if any damage to my items occurs before Simple Moves arrives on the jobsite or after Simple Moves leaves the jobsite:
